- Dual light LED • Bluetooth connection to Nordlux Smart Light • Can be controlled by wireless Nordlux Smart Sensor • Optional cover cap for wall use included
- Indication light (200 lumen) • Designed for both ceiling and wall mounting • 5 year LED

Ava is a multifunctional lamp that can be placed both in the ceiling and on the wall. The lamp has integrated LED as well as two lighting functions, which consist of indicator light when it is dark, and automatic activation of light when movement is detected (Nordlux Smart Sensor needed). Ava has Bluetooth connection and is part of the Nordlux Smart Light range, which makes it possible to control the light from your phone, with voice control or via the Nordlux Smart Sensor. Furthermore, an optional cover cap is included which makes it possible to determine the design and light output yourself.

With the minimalistic shape and high degree of protection, Ava in grey is applicable both inside and outside.
