- Provides a good light • Visible bulb
- Sculptural and fills out the space/room

AVER is a pendant light that breaks with tradition. With its visible light bulb behind the curved metal threads, AVER delivers both beautiful light and fascinating shadow play. The design is simple, aesthetic, and supported by the metal's inherent strength. It results in a strong visual design experience – a pendant light that produces a unique ambiance and beautiful shadow play to the space. Design by Carlo Volf.
