Whether Canto 2 is placed indoors or outdoors, the lamp offers a unique lighting experience. The minimalist design makes the lamp both decorative and sculptural. The light flows both up and down, and with the three included pattern inserts, it is possible to change the light image according to desire and personal style.

Brass is a sturdy and weather-resistant material, making the lamp suitable for harsh coastal areas. Over time, brass takes on a darker patina, which results in a beautiful brownish colour. Designed by Danish designer Bønnelycke MDD.
