- 360° turnable shade • Built-in parallel connection • Dimmable with wall dimmer
- Designed for both outdoor and bathroom use • 5-year LED guarantee

Imagine a lamp that can be turned freely after installation, creating beautiful effects with light and shades and makes the lamp an illuminating piece of art on the wall. This is exactly what designer, Henrik Bønnelycke, has created. Turn is both playful and sculptural, as the magnetic shade can be rotated 360°, making it possible to illuminate exactly what you want. Turn oozes of Nordic minimalism as it combines modern design and functionality in the most beautiful way. The lamp is resistant to wind and water, and therefore it can be used both outdoors and indoors at the bathroom.

Turn is made of white lacquered aluminium. The light can be dimmed and furthermore, the lamp can be connected in parallel which makes Turn very practical.
