

Integrated  
Dusk to Dawn  
Sensor

## FOCUS

The Focus up/down outdoor wall light with photocell sensor combines architectural lighting design with automated dusk-to-dawn functionality that turns the light on at dusk and off again at dawn. Provides light throughout the night for enhanced visibility and security without the need for manual control. Crafted from high-quality aluminium and finished in Matt Black this outdoor wall light illuminates with dual directional lighting that projects above and below to enhance outdoor spaces. Easy to install using a fast-fit connector and oversized back box. Compatible with 2 x GU10 bulbs (maximum 2 x 7W required).
