

## SHRIMP

The SHRIMP is an elegant yet powerful security floodlight, designed with a compact, modern twin-head design that blends style with performance. This upgraded version features an adjustable motion sensor and delivers crisp 5000K daylight-white illumination for clear visibility around entrances, gardens, and driveways. Built with durable synthetic housing and a clear PC diffuser, SHRIMP offers reliable outdoor performance with an IP54 rating and Class II electrical protection. The integrated 12W LED module provides bright, efficient lighting, while the PIR sensor ensures automatic activation whenever movement is detected, enhancing both security and convenience.
