

RIALTO

RIALTO combines two extra-flat square forms into a sleek, architectural up-and-down wall light. The upward beam can be adjusted into three distinct light patterns using the integrated mechanical ring with diaphragms, allowing users to tailor the visual effect to their façade. The downward beam delivers a generous, wide warm-white light, creating a welcoming atmosphere around entrances and exterior walls. Crafted from heavy-duty aluminium with a clear glass diffuser and finished in matt black, RIALTO offers both durability and refined style.
