

FLAIR

The Flair solar wall light with PIR sensor, combines elements of classic lantern design with modern minimalist styling. With no energy costs or mains wiring required, the integrated solar panel charges the internal battery, allowing the included LED filament bulb to provide 200 lumens of warm white (2700K) light for up to 15 hours from a full charge. Choose from a constant on mode, or motion activated auto mode or low/high dim mode. .
