

QUBO

The Qubo outdoor wall light combines motion-activated lighting with a stunning architectural design. Die-cast aluminium body contains an integrated PIR sensor with up to 18m detection range, making it an ideal choice for entrances, walkways, and outdoor spaces. Produces 3000K warm white illumination through the high-powered LEDs, and delivers a defined forward beam complemented by a subtle ambient halo effect. PIR function includes adjustable time and lux settings, along with a manual override for continuous light when needed.
