Saulio by Danish design duo Says Who is a solar-powered garden light with a simple, streamlined design. Saulio charges by sunlight during the day and turns on when it detects motion during the night. You can choose between two sensor settings: off/on or from nightlight to full light when you walk by. Perfect for placing along the driveway or a path to provide light when you or your guests approach your home. Easy installation with no cables needed using the included spike or the Nordlux base unit.
