

## NILA

The NILA features a clean, modern bulkhead design that fits beautifully in entrance areas or on any exterior wall of the home. It provides a pleasant, comfortable light output, while its IP44 rating ensures reliable weather resistance for year-round outdoor use. Constructed from dark grey stainless steel and paired with a durable opal polycarbonate diffuser, this luminaire uses an E27 bulb socket, giving homeowners the flexibility to choose their preferred light source. For the best visual effect and energy efficiency, an opal LED bulb is recommended, creating an attractive, evenly diffused glow.
